**FOR IMMEDIATE RELEASE:**

**RE/MAX Realty Affiliates Named as a Top Brokerage by REAL Trends**

**Reno, Nev. (April 20, 2018)** — REAL Trends has named RE/MAX Realty Affiliates (RRA) to its Top 500 list of performing brokerage firms in the nation and the Top 50 among the Top 500 list. The Top 50 ranking is attributed to agent productivity. The annual report identifies the country's largest and most successful agents and firms ranked by closed transaction sides and separately by closed sales volume. One of Northern Nevada's most successful real estate companies, RRA was ranked among the 1,752 leading real estate firms. With nearly 90 percent of the Top 50, RE/MAX franchises dominated the list.

"To be ranked among the countries best and brightest in our industry is evidence of the hard work and commitment of our elite agents," said Amy Lessinger, broker/owner of the RRA Reno office. "With a focus on productivity, continuing education and professionalism, RRA and our agents are dedicated to being the best for our clients and our business."

In 2017, the RRA offices in Reno, Gardnerville and Carson City reported nearly one billion dollars in sales volume placing the brokerage number 306, representing 2,547 closed real estate transaction sides. The report can be viewed at <https://www.realtrends.com/rankings/real-trends-500-by-volume18>

REAL Trends, a national publishing and communications company, has been a trusted source of news, analysis and information on the residential brokerage industry since 1987. The REAL Trends application process begins in January and ends in March and requires independent third-party verification on every sales professional and team, including their status as an individual sales professional or part of a team.
